# **Yu-Cheng Deng**

1440 Wake Forest Dr, Apt 204, Davis, CA 95616 · Mobile: (530)302-6577 · E-mail: <a href="mailto:ycdeng@ucdavis.edu">ycdeng@ucdavis.edu</a>

# **EDUCATION**

• University of California, Davis, Davis, CA

Sep. 2018 - Jun. 2020(Expected)

- Master of Science in Electrical and Computer Engineering
- GPA Overall (Currently): 3.88/4.00

• National Taipei University of Technology (NTUT), Taipei, Taiwan.

Sep. 2014 - May. 2018

- Bachelor of Civil Engineering
- GPA Overall: 3.33/4.00, 159 credits

# RESEARCH EXPERIENCE

Davis, CA

University of California, Davis

• Master Resarch

Apr. 2019 - Present

Improvement in FLIm Visualization and its Applications

- Apply algorithms to visualize fluorescent lifetime imaging (FLIm) data
- Build a tool/system using MATLAB for data visualization
- Investigate the approach for the generation of Real-time FLIm map

Advisor: Prof. Laura Marcu (Biomedical Engineering Department, UC Davis)

• Coursework Project

Jan. 2019 - Mar. 2019

Human Following Robot Based on Reactive Algorithm for Safe Navigation

- Build a simulation environment in MATLAB/Simulink
- Utilize **Simulink toolbox** and **MATLAB** function to simulate a human following robot (Pionner 3-DX)
- Apply Biological obstacle-avoidance algorithm to robot and its sensors and analyze the performance of the robot

• Coursework Project

Jan. 2019 - Mar. 2019

Improvement in Reinforcement Learning for Frogger Game

- Regenerate the arcade game "Frogger game" using Python
- Apply the Q-learning algorithm to Frogger game and analyze its performance
- Exploit nearest neighbor interpolation approach to improve the performance of Frogger game

# National Taipei University of Technology

Taipei, Taiwan

• Senior Project

Jun. 2017 - Sept. 2017

Care System for Pressure Ulcers Patient

- Utilize the **Arduino** sensors to gauge major factors (humidity, temperature, pressure, etc.) in causing ulcers
- Employ Arduino Wi-Fi transmission to transfer data to IoT platform, BLYNK and ThingSpeak
- Use MySQL to transmit data to database
- Create webpage for Server and Client to achieve the close interaction between Server and Client

# **WORKING EXPERIENCE**

### **Wintec Industries**

Newark, CA

• Junior Test Engineer

Jun. 2019 - Aug. 2019

- Build a File Transfer Protocol (FTP) Server for productions lines to transmitting the log files from machines
- Write C++/CLI script to build a user-friendly Graphical User Interface (GUI) for operators to transfer log files
- Use **Raspberry Pi 4** and **Pi camera** with **Python** to create a tool to detect the productivity of Printed Circuit Board (PCB) with Moving-Object Surveillance approach and **Open CV**

# CHAIN MAY AUTOMATION CO., LTD.

New Taipei City, Taiwan

July. 2016 - Aug. 2016

- Engineer Assistant
- Aid engineer with testing LCD glass cutting robotic arm and replace its components
- Help logistic of mechanical components

Advisor: Mr. Lin (General Manager)

### **SKILLS**

• Language skills:

- Mandarin (native) - English (proficient)

• Programming Language:

- Python - MATLAB/Similink - C/C++ - C++/CLI

- R - HTML/CSS - Assembly Language

• Software skills:

- Git
 - Linux-Ubuntu
 - Debian
 - MacOS
 - Visual Studio Code
 - Visual Studio
 - MySQL
 - Xcode

### COURSEWORK

• Upper Division (National Taipei University of Technology)

- Image Processing Project, Signals and Systems, Digital Signal Processing, Control System, Power Electronics, Electrical Machinery, Mechatronics, Power System, Communication System Lab, Microprocessor Lab, Applied Statistics
- Graduate Level (University of California, Davis)
- Information Theory, Computer Science (Machine Learning), Linear System and Signal, Nonlinear System, Autonomous Robotics, Radiation Detector, Advanced Digital System, Uncertainty Experiment and Analysis

# LEADERSHIP EXPERIENCE

#### **Taiwanese Graduate Student Association**

**University of California Davis** 

• Vice President Apr. 2019 - Present

- Get in touch with various organizations such as Taipei Economic and Cultural Office (TECO), Monte Jade West Science and Technology Association, NATEA
- Hold events to promote the relationship of each student at UC Davis

# **Student Association of EE Department**

**National Taipei University of Technology** 

• Chief Executive Officer Sep. 2015 - Dec. 2016

- Assist president with leading the union and supervising all the activities, events in EE department

- Held 2016 EE summer camp as the General Coordinator
- Held 2016 EE ball as the General Coordinator
- Led 2016 EE cheerleader as the leader

• Minister of Secretary Department

Sep. 2015 - Dec. 2016

- Meeting minutes recording, schedule planning, file management
- Representative of Association Evaluation Competition
